COVID Testing Centres

All entrants must provide a certificate of inspection within 72 hours before leaving Ireland

The Embassy of Japan provides the following information on COVID testing centres.

These testing centres fill [a Japanese form \(Certificate of Testing for COVID-19\)](#) by request.

TMB Travel Health Clinics (<https://www.tmb.ie/services/covid-19-travel-clearance-certificate>)

TMB Travel Health Clinics have several testing centres throughout the country and most of them (please check with the clinic) will fill a Japanese form. Please request them to fill a Japanese form at the time of booking.

Travel Health Clinic (<https://travelhealth.ie/>)

As of 6th April 2022, they are no longer taking new bookings for PCR testing.

V1medical (<https://www.v1medical.ie/>)

In Dublin and Cork. Please request them to fill a Japanese form at the time of booking.

Rowe Creavin Medical Practice TEL (051)370057 (Booking by telephone)

In Waterford only. Please request them to fill a Japanese form at the time of booking.

Covid Screening Cork (<https://www.covidscreeningcork.ie/>)

In Cork only. Please request them to fill a Japanese form at the time of booking.

Communicare Medical (<https://www.communicaremedical.com/covid-pcr-testing>)

In Mayo only. Please request them to fill a Japanese form at the time of booking.

Please see the link below regarding submission of certificate (negative test result). You will find the conditions that the certificate must meet. Please make sure all the necessary criteria are covered and use a [Japanese form](https://www.mhlw.go.jp/stf/seisakunitsuite/bunya/0000121431_00248.html).

The testing centres may also issue their own certificate, however we advise you to use a Japanese form when travelling to Japan (you may think more certificates the better, however, the Japanese form itself is sufficient in order to check-in at the airport and also enter Japan).

Please note since there are no direct flights between Ireland and Japan, we advise you to check the requirements on countries where you will be transiting before booking your test. (Please note if you enter a country where you transit through the immigration process, that country will be recognised as a point of departure. A negative result of PCR test which is taken within 72 hours before you leave there will be required)

Please visit the link below for other travel requirements.
